Deputy Assistant Director, ORE

Daily Digests of ORE Divisions

Reference: Chief, Intelligence Support Branch, OPC Memorandum of 2 August 1950
to Chief, D/Pub, ORE

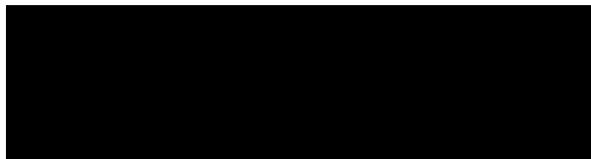

1. Reference suggests that the daily digests originated by certain ORE divisions may be helpful to OPC and asks whether their distribution to OPC may be advisable.

2. These digests necessarily include excerpts from or reference to State Department "SS" material. ORE receives this material from the Office of the Secretary, Department of State with the express proviso that it will not be disseminated outside ORE except in official CIA publications.

3. Under these circumstances, and since these daily digests are not official ORE publications, this Office is unable to permit their distribution outside ORE.

4. It is regretted that this Office cannot now furnish you these digests. Should the AD/OPC wish to press for a relaxing of the State restrictions on "SS" material, it is suggested that he bring the problem to the attention of the Director.
